2011 FALCON 900LX

✦ EXTERIOR

Overall White with accent stripes on fuselage and fin.

✦ INTERIOR

This well equipped Falcon 900LX features a 14 passenger interior with a forward club (4) arrangement and a mid-cabin four (4) place dining/conference group opposing a multi-purpose storage cabinet leading to an aft cabin with dual opposing (3) place berthable divans separated by a pocked door with access to the Aft lavatory and vanity, and a from the lavatory to allow in-flight access to the baggage compartment. The cockpit and galley are separated from the Main cabin by a galley pocket sliding door and the Aft cabin is separated from the Main cabin with a manual operated storable curtain and fix track in the headliner providing privacy of the Aft cabin. The forward club has been upgraded with two forward facing VIP 20" wide seats with increased seat back and winged head support with Electrical lumbar and pneumatic leg rest, plus therapeutic Oxygen outlet at each seat. The mid-cabin dining/conference group has been upgraded with a Hi/Low electrical dining/conference table with plug-in extension and two (2) 20" wide dual seats with increased seat back and winged head support. The Aft Cabin has been upgraded with dual electrical breathing divans. The Galley features an Espresso Machine and Microwave Oven. The cabin has been upgraded with 230 VAC/50hz/2000 VA and the Alto nVELOP Surround Sound System with 6 high end ALTO speakers with four subwoofers discreetly appointed throughout the cabin, plus a 21.3" LCD Monitor flush mounted on the left side of the forward bulkhead before the Galley Pocket Sliding Door and 17" LCD monitor mounted in the Aft cabin on the right side of the blockhead before the Lavatory vanity area.
