2007 Gulfstream G450

The 2007 Gulfstream G450 is a premier long-range business jet combining unmatched performance, comfort, and reliability. With its spacious cabin, advanced avionics, and superior range of over 4,350 nautical miles, this aircraft is ideal for both domestic and international travel with seating capacity for 13 passengers. Meticulously maintained and equipped with the reliable Honeywell Primus Epic avionics suite, the G450 offers an exceptional flight experience for passengers and pilots alike. Its proven operational efficiency, impressive speed, and luxurious interior, including an aft lav and aft galley, make it a top choice for executives seeking the perfect balance of performance, convenience, and prestige.
